Planning your **dream kitchen**? Cabinets usually take up the most space, so it's important to choose some that are functional, stylish and affordable.

Whether you're building a home or considering a **kitchen remodel**, it's smart to choose materials and products that are built to last.

Not sure where to search? **Cabinets To Go** is a one-stop shop for cabinets, countertops, sinks and flooring, along with accessories to declutter your kitchen.

You can completely customize rooms with cabinets, knobs and pulls that match your sense of style.

Cabinets Made to Last — Guaranteed

Their durable all-wood cabinets have high-end features like soft-closing doors and drawers, along with adjustable, **European-style hinges**.

An easy-to-clean, scratch-resistant UV surface protectant locks in vibrant colors and keeps your cabinets looking new for years to come.

And you can make them your own by adding unique **knobs and pulls**, along with **kitchen organizers** to corral your clutter.

Let's face it, creating a dream kitchen is an investment, and cost is a concern for many homeowners who want to keep remodeling to a minimum.

Fortunately, these cabinets aren't just nice to look at; they're also built to last, backed by a 100-year warranty, and come at a price that will surprise you.

That should remove any stress from the decision-making process, so you can focus on one thing: enjoying your kitchen!

This heavy-duty appliance lift lets you reveal the stand mixer when you need it and hide it when you don't.

Smart Kitchen Storage Solutions

Most kitchens just have basic storage options, but every homeowner's needs are different. Fortunately, Cabinets To Go has all kinds of organizers that fit your lifestyle and make your home as efficient as possible.

Like to cook but lack a dedicated location for spices? Cabinets To Go has a **door-mounted spice rack** that's easily to install — and hide.

Enjoy inviting guests for drinks and wish glasses were within arm's reach? A **stemware holder** mounted under the cabinets adds function and visual interest.

Love to bake but don't want to lug your stand mixer in and out of cabinets between uses? A **heavy-duty appliance lift** reveals the stand mixer when you need it and tucks it back into the cabinet when you don't.

Even something as simple as a **utensil divider** can completely change your lifestyle. Elevate your drawer's function and appearance with one made of natural maple that looks completely built in!

Have kids, pets or both? No problem. Cabinets To Go has several 'spill-proof' flooring options.

Tie the Look Together

A selection of beautiful, durable **flooring** includes completely waterproof-engineered, ecofriendly and responsibly sourced hardwoods, as well as other "spill-proof" options.

You'll want beautiful **countertops** too, but they should be durable and easy to maintain. Cabinets To Go offers tons of options in granite, quartz, butcher block and Formica.

And, there's an enormous variety of all these quality products at a range of prices to fit any home's style and budget.

If you're ready to plan your next remodeling project, visit your local Cabinets To Go showroom, request a catalog, or check out [CabinetsToGo.com](https://www.cabinets-togo.com).
